It is not understood from the file on what basis the Land Acquisition Officer has fixed the amount of Compensation at Rs 77-10-0 and Rs 56 1-0 respectively for the two pieces of land in respect of which the reference to the Court was made.

The Dt. Judge has fixed his award at Rs 415 6-0 + Rs 300/- on a Consideration of three Essential features viz: —

(1) that in the years 1888 & 1894 under duly registered Sale deeds the lands in question were bought for Rs 350/-

(2) that the lands are situate in the heart-

of Bangalore City & that the laying out of two flourishing extensions (Chamarajpet & Sadasivanpudi) and the improvements effected round the Fort have greatly increased the value of the lands in question as building sites

(3) that so recently as Nov^r 1907 one of the lands my S^r no 2/3 measuring 13 gunta was sold for Rs 350/- under a registered deed of sale.

The D^t Judge Concedes that the price of Rs 350/- was paid when the lands were apple gardens possessing special value & that latterly they have become useless the wells having fallen into disuse. Though the lands are agricultural lands not appropriated for any purpose other than agriculture the D^t Judge values them, for the purpose of fixing the market rate apparently as building sites -

The question for Consideration, therefore, is how the market

NOTE—Contin. sheet.

value of the lands in question should be Calculated — as building site or as mere dry land paying assessment & subject to all the incidents of an agricultural land? In a Case reported in 9 Mys. Ch Cr p 28 the question Came up for Consideration and a Division Bench Consisting of Ramachandra Iyer & Rangaswamiengar JJ have held that the owner of such lands Cannot claim as a matter of right to dispose of the land as a building site or to have the probable income from such profitable ~~income~~ disposition Considered in fixing the market value. They also add that at best the claimant Can only insist upon the adoption of the highest value of the land utilised to the best advantage as an agricultural land. So that in the opinion of the learned judges for purpose of Calculation of the Compensation the land should be looked upon

as mere dry land annexed to land Revenue & subject to all the incidents applicable to such land under the Revenue Laws In a later case (15 Beng Ch Cr p 77) the question was again raised and the learned Judges (Sir Stanley Jenkins C.J. & Justice H.P. Banjindayya) in deciding the point as to whether the applicant was entitled to be compensated for his land on the basis of building site or not have expressed the view that in assessing the amount of compensation payable when land is taken the probable use to which such land may be put is necessarily an element to be taken into Consideration & that land which may probably be used for building purposes Cannot be valued on the same basis as agricultural land. It does not appear that the decision reported in 9 Beng. Ch Cr. p 28 was brought to the notice of the learned Judges

who decided the Case reported in 15 Ray Ch cr J 77.
In Bombay where the Revenue Law is almost similar to the Revenue Law in Mysore, the instructions given to land acquisition officers in Govt. Res[d] no 7487 of 1910 dated 19-8-1910 may be helpful in deciding the question now in issue I extract therefrom for ready reference the following passages. ——

II (1) It should also be noted that in the case of agricultural land which may on the above principle be valued as if layout laid out for building purposes, the liability, if any, of the land to pay fine or increased assessment under the provisions of the Bombay Land Rev: Code 1879 on account of its being appropriated to a non-agricultural purpose is one which should be taken into consideration in fixing the market value of the land For this purpose the officer making an award should in such cases

state separately and clearly (a) the situation value of the land (b) its agricultural value and (c) its total value [(a)+(b)] - From (C) he should deduct (d) the amount which would under the ordinary rules be due from the claimant to Govt as Capitalised allieres assessment and should fix the Compensation at an amount Equal to (C) – (d), plus the usual 15% and any additional items that he may find due. Care should also be taken in Estimating the market value of the lands from the prices actually obtained for similar lands in the vicinity to Enquire whether the prices are reasonable if proper regard be had to the liability in question. There is some reason to apprehend that ignoring or forgetting this liability Vendors are addicted to charging and purchasers are ready to give prices in excess of

the amount which lands subject to special assessment of same could be reasonably expected to fetch".

There appears to be no other reported decision directly bearing on the point. The language of sec 23 (1) (first), and sec 24 (fifthly) seems to lend support to the view expressed in 9 Beng Ch ct 28. The amount awarded in the present case is not high, but there is the likelihood of the principle involved in the Court's award forming a precedent if left unchallenged. In my opinion the matter may be taken up in appeal and an authoritative decision on the principle involved obtained. Govt interest in the case of other lands similarly situated in the event of their being acquired, should be prejudicially affected.

Sir,

379-08?-9

With reference to Government order No.7190-2/Ml.390-09-9 dated 18th February 1910, sanctioning the acquisition of certain private properties at an estimated cost of Rs.2235 for being -- given to the Vokkaligar Sangha, I have the honor to state that compensation amounting to Rs.2228-12-10 was awarded in all to the several owners of properties declared for acquisition in -- Gazette Notification Nos.7193/Ml.379-09-9 dated 18th February 1910 and 6415/Ml 15-10-14 dated 28th January 1911, Rs363-1-10 being for the first five cases and Rs.1865-11-0 for the remaining cases.

2. As some of the parties detailed in the accompanying statement took objection to the amount of compensation and the claims of some others were objected to by others, their cases were referred to the District Judge, Bangalore, for adjudication under section 18 of the Land Acquisition Regulation and the services of the Public Prosecutor, Bangalore Division, engaged for conducting the cases.

3. In cases Nos 1 and 2 shown in the statement, the District Judge has awarded Rs.477-11-0 and Rs.345 respectively as against Rs.77-10-0 and Rs.56-1-0 awarded with interest at 6 percent per annum from the date of award to the date of payment and with -- costs amounting to Rs.29-0-9 and Rs.15-7-11 respectively as detailed in the judgment and decree copy of which is submitted herewith for reference: The additional amount payable to the above parties, therefore, comes to Rs.460-1-9 and Rs.326-13-3

respectively

respectively as detailed in the accompanying statement.

4. The District Judge has based the award on the sale deeds produced by the parties in the said Court which were not produced before me at the time of award. Under these circumstances, as there appear to be no sufficient grounds for preferring an appeal against the judgment of the District Judge, I request that additional amount now required as per decree of the District Judge may be sanctioned to enable payment being made to the parties concerned. This amount may be met from the provision of Rs.1000/- made under 26 B.Mis.(2) Mis.General (2)compensation for lands taken up for public purposes in the current years Budget estimate.

5. Copy of the judgment and decree sent herewith for reference, may kindly be returned.

I have the honor to be

Sir,

Your most obedient servant.
